

To FCC,

Last time I checked we were still living under the constitution of the United States.

First admendment is still in effect as far as I know. NAB sure does not have the right to tell me what I can listed to or what I can listen to, This country is under attack by the Left wing people of this country, we have got to stand by the Constitution of this United States. This country is under attack.

God Bless America

Dennis Jones retired USA, USAF
